

WHAT WILL I KNOW ABOUT TEACHING SAFE BICYCLING AND WHAT CAN I DO BETTER AFTER TAKING THIS TRAINING?

- * Why children are different from adults as bicycle riders and the crashes they get into
- * Develop and organize a successful child rider training event in my community
- * Learn how to work with service organizations, schools, community leaders, media and law enforcement to assure safe riding in the community
- * Understand state-of-the-art skills related to safe bicycle riding and tips on how to teach hazard avoidance to children
- * Experience hands-on hazard identification in bicycle riding areas and know who to work with to eliminate or correct these hazards
- * Develop ideas for working with children of differing abilities - developmental, cognitive and emotional
- * Get useful bike safety materials to use back home

TEACHING SAFE BICYCLING TOPICS

Understanding the Child Bicyclist

How Bicycle Crashes Happen

Hands-on Demonstration:
Teaching Bike Safety to Children

Bicycle Ride: Community's Accommodations
And Hazard Identification

Working Together Locally
For Successful Bike Safety Programs

Preparation for Teaching Safe Bicycling:

BRING A BICYCLE and a correctly fitted helmet. These are necessary for the P.M. bicycle ride, a required learning activity. Wear comfortable clothes and shoes, including cooler or wet weather gear.

The **training begins at 8 A.M. with get acquainted introductions and pre-test period.** Lunch is on your own. Training is scheduled to end at 4:30 P.M.

THERE IS **NO REGISTRATION FEE**, BUT PRE-REGISTRATION IS REQUIRED AND LIMITED TO 25 PEOPLE PER SITE.

No on-site registration or walk-ins accepted. After **4/22** call to request space if available. We encourage biking or car-pooling when possible.

Confirmation, directions and a participant list for your site will be mailed to you.

Registration deadline is April 22, 2005.

Call Larry Corsi, WisDOT - BOTS
(608) 267-3154, if you have questions.
